

Mikroregion Wielkopolskiego Parku Narodowego

Dear Mayor/President!

I would like to propose a cooperation under the "Social dimensions of sport" project within the Europe for Citizens program 2.2. urban networks component (<http://ec.europa.eu/citizenship/europe-for-citizens-programme/>) and ERAZMUS + sport (http://eacea.ec.europa.eu/home/erasmus-plus/actions/sport/collaborative-partnerships_en).

I represent Wielkopolski National Park Microregions Municipalities Association. Our Association will act as a coordinator in the Europe for Citizens 2.2 urban networks component and we would like to invite you to act as a partner. The project is addressed to a wide range of people involved in every day physical, recreational and sport activities. We want to create the possibility to exchange experiences in such actions. Our project is very useful. In its framework, we are planning 4-5 events in Poland, in our cities and municipalities with the participation of representatives of all the partners involved in the project. We invited representatives of 12 Member States to participate in the project that will begin in July 2017. During several workshop meetings that will last 3-7 days and that will take place in the beautiful locations near the National Park, we will be able not only to know each other, but also practically to realize our daily tasks. We will organize workouts, meetings, competition. For a summary, we planned to organize a championship in selected sport disciplines for all participants in our project. According to our estimates, there will be about 300-500 participants attending the event.

We would like to ask you to confirm your participation as a partner. The project is directed primarily to the representatives of local governments, NGOs, sports clubs and other organizations dealing with sport, recreation and active relaxation. You can select a group of 12-16 people from your municipality (city) to take part in each of the scheduled project events. The details regarding organization and program will be discussed at the preparatory meeting which will be held in June 2017 after obtaining information about the financing from the Europe for Citizens program. To join the project as a partner, it is necessary to register your entity in the **EU_LOGIN** system to obtain a *PIC* (Personal Identification Code) number. To this end, I have attached instructions in English to help to obtain the said PIC no..

Yours sincerely,

A handwritten signature in blue ink that reads 'Przemysław Mieloch'. The signature is written in a cursive, flowing style.
